Cheatsheets Collection

A comprehensive set of cheatsheets covering key programming languages, tools, and frameworks.
4 repositories [View on GitHub](#)

Fechin/reference

[🔗 Visit Repository](#)

Description: 🚫 Share quick reference cheat sheet for developers.

☀️ Stars: 8366

Visit & Star this repo

ivansaul/cheat-sheets

[🔗 Visit Repository](#)

 **Description:** Cheat-Sheets: Your go-to quick reference developer guide for learning Python, Rust, Swift, JavaScript, Kotlin, Go, Git, and more!

 Stars: 29

 Visit & Star this repo 

NotHarshhaa/devops-cheatsheet

 [Visit Repository](#)

 **Description:** A comprehensive collection of quick-reference cheatsheets for DevOps tools, covering CI/CD, containerization, monitoring, security, cloud infrastructure, and networking. Perfect for DevOps engineers, sysadmins, developers, and newcomers looking for essential commands and best practices. Contributions are welcome!

 Stars: 160

 Visit & Star this repo 

NotHarshhaa/DevOps-Interview-Questions

 [Visit Repository](#)

 **Description:** Collection of 550+ DevOps interview questions with detailed answers covering CI/CD, Cloud (AWS, Azure, GCP), Kubernetes, Terraform, Ansible, Git, Jenkins, Docker, Monitoring, and more. Perfect for beginners and experienced professionals preparing for DevOps roles. Stay ahead in your interviews with real-world scenarios and best practices! 

 Stars: 251

 Visit & Star this repo 

Curated Datasets

A curated set of quality datasets for data science, analytics, and machine learning, as data is the new oil driving innovation. 1 repository [View on GitHub](#)

turbo/medium125k

 [Visit Repository](#)

 **Description:** Dataset of 125,000 Medium Blog Post Titles and Subtitles (with Categories)

🌟 Stars: 23

 Visit & Star this repo 

Fullstack AI Projects

Build full stack apps using Python, JavaScript, and AI to sharpen your skills, create real solutions, and grow as a developer. 4 repositories [View on GitHub](#)

[browser-use/browser-use](#)

 [Visit Repository](#)

 **Description:**  Make websites accessible for AI agents. Automate tasks online with ease.

🌟 Stars: 61917

 Visit & Star this repo 

[Fosowl/agenticSeek](#)

 [Visit Repository](#)

 **Description:** Fully Local Manus AI. No APIs, No \$200 monthly bills. Enjoy an autonomous agent that thinks, browses the web, and code for the sole cost of electricity.

🌟 Stars: 13316

 Visit & Star this repo 

[All-Hands-AI/OpenHands](#)

 [Visit Repository](#)

 **Description:**  OpenHands: Code Less, Make More

🌟 Stars: 56881

 Visit & Star this repo 

[pathwaycom/pathway](#)

 [Visit Repository](#)

 **Description:** Python ETL framework for stream processing, real-time analytics, LLM pipelines, and RAG.

 Stars: 26310

 Visit & Star this repo 

General Resources

A versatile collection of tools and assets including emojis, taglines, illustrations, and templates for portfolios, READMEs, and projects. *4 repositories* [View on GitHub](#)

Tarikul-Islam-Anik/Animated-Fluent-Emojis

 [Visit Repository](#)

 **Description:** All the Microsoft animated fluent emojis are available in one place and ready to use in your next project or README file.

 Stars: 938

 Visit & Star this repo 

r0mymendez/diagram-as-code

 [Visit Repository](#)

 **Description:** A tutorial on how to create a documentation project using the 'Doc as diagram' methodology

 Stars: 304

 Visit & Star this repo 

Programmers-Paradise/Member-Selection-Test

 [Visit Repository](#)

 **Description:** This github repository is for selection of members for Programmers' Paradise.

 Stars: 9

 Visit & Star this repo 

[anu0012/awesome-computer-science-opportunities](#)

 [Visit Repository](#)

 **Description:** An awesome list of events and fellowship opportunities for Computer Science students

 Stars: 3845

 Visit & Star this repo 

GitHub Actions Workflows

A curated collection of GitHub Action workflows along with practical use cases to automate your development process. *1 repository* [View on GitHub](#)

[gautamkrishnar/blog-post-workflow](#)

 [Visit Repository](#)

 **Description:** Show your latest blog posts from any sources or StackOverflow activity or Youtube Videos on your GitHub profile/project readme automatically using the RSS feed

 Stars: 3128

 Visit & Star this repo 

GPU Computing Stack

A curated list of tools, frameworks, and libraries for GPU-based computing. Includes resources on CUDA and other acceleration technologies. *1 repository* [View on GitHub](#)

[profkris/GPU_Computing](#)

 [Visit Repository](#)

 **Description:** No description provided.

 Stars: 5

 Visit & Star this repo 

LLM (Large Language Models)

Explore large language models where AI and language understanding combine to power smart text generation and communication tools. *12 repositories* [View on GitHub](#)

karpathy/nanoGPT

 [Visit Repository](#)

 **Description:** The simplest, fastest repository for training/finetuning medium-sized GPTs.

 **Stars:** 41538

 Visit & Star this repo 

lucidrains/PaLM-rlhf-pytorch

 [Visit Repository](#)

 **Description:** Implementation of RLHF (Reinforcement Learning with Human Feedback) on top of the PaLM architecture. Basically ChatGPT but with PaLM

 **Stars:** 7832

 Visit & Star this repo 

ggml-org/llama.cpp

{% embed <https://github.com/ggml-org/llama.cpp> %}

 **Description:** LLM inference in C/C++

 **Stars:** 81095

{% cta <https://github.com/ggml-org/llama.cpp> %}  Visit & star this repo!  {% endcta %}

deepspeedai/DeepSpeed

 [Visit Repository](#)

 **Description:** DeepSpeed is a deep learning optimization library that makes distributed training and inference easy, efficient, and effective.

 **Stars:** 38642

 Visit & Star this repo 

BradyFU/Awesome-Multimodal-Large-Language-Models

 [Visit Repository](#)

 **Description:** ::sparkles::sparkles:Latest Advances on Multimodal Large Language Models

 **Stars:** 15388

 Visit & Star this repo 

WooodDyy/LLM-Agent-Paper-List

 [Visit Repository](#)

 **Description:** The paper list of the 86-page paper "The Rise and Potential of Large Language Model Based Agents: A Survey" by Zhiheng Xi et al.

 **Stars:** 7672

 Visit & Star this repo 

EleutherAI/pythia

 [Visit Repository](#)

 **Description:** The hub for EleutherAI's work on interpretability and learning dynamics

 **Stars:** 2510

 Visit & Star this repo 

OpenBMB/ToolBench

 [Visit Repository](#)

 **Description:** [ICLR'24 spotlight] An open platform for training, serving, and evaluating large language model for tool learning.

 **Stars:** 5067

 Visit & Star this repo 

Hannibal046/Awesome-LLM

 [Visit Repository](#)

 **Description:** Awesome-LLM: a curated list of Large Language Model

 Stars: 23579

 Visit & Star this repo 

[brexhq/prompt-engineering](#)

 [Visit Repository](#)

 **Description:** Tips and tricks for working with Large Language Models like OpenAI's GPT-4.

 Stars: 9123

 Visit & Star this repo 

[HandsOnLLM/Hands-On-Large-Language-Models](#)

 [Visit Repository](#)

 **Description:** Official code repo for the O'Reilly Book - "Hands-On Large Language Models"

 Stars: 9171

 Visit & Star this repo 

[mlabonne/llm-course](#)

 [Visit Repository](#)

 **Description:** Course to get into Large Language Models (LLMs) with roadmaps and Colab notebooks.

 Stars: 53527

 Visit & Star this repo 

Machine Learning Resources

A carefully curated collection of tutorials, libraries, and tools for machine learning and deep learning. 4 repositories [View on GitHub](#)

[microsoft/ML-For-Beginners](#)

 [Visit Repository](#)

 **Description:** 12 weeks, 26 lessons, 52 quizzes, classic Machine Learning for all

 **Stars:** 72510

 Visit & Star this repo 

[ashishpatel26/500-AI-Machine-learning-Deep-learning-Computer-vision-NLP-Projects-with-code](#)

 [Visit Repository](#)

 **Description:** 500 AI Machine learning Deep learning Computer vision NLP Projects with code

 **Stars:** 23805

 Visit & Star this repo 

[Avik-Jain/100-Days-Of-ML-Code](#)

 [Visit Repository](#)

 **Description:** 100 Days of ML Coding

My Projects

A curated collection of my top projects highlighting creativity, skills, and passion for building practical solutions to real-world challenges. *13 repositories* [View on GitHub](#)

madhurimarawat/Stock-Market-Prediction

 [Visit Repository](#)

 **Description:** This repository began as a 7th-semester minor project and evolved into our 8th-semester major project, "Advanced Stock Price Forecasting Using a Hybrid Model of Numerical and Textual Analysis." It utilizes Python, NLP (NLTK, spaCy), ML models, Grafana, InfluxDB, and Streamlit for data analysis and visualization.

 Stars: 7

 Visit & Star this repo 

madhurimarawat/Semester-Notes

 [Visit Repository](#)

 **Description:** This repository includes academic notes, study materials, and resources from B.Tech (Hons) in CSE, specializing in Artificial Intelligence and Data Science. It features question papers, proprietary study guides, and resources to support learning in these fields.

 Stars: 23

 Visit & Star this repo 

madhurimarawat/CodeCulture-Daily

 [Visit Repository](#)

 **Description:** A daily programming challenge repository where fun meets learning! With 39 challenges over 39 days, it helps coders enhance skills through practical tasks and interview prep. While maintenance is paused, contributions are welcome, and future expansions are planned to keep learning ongoing.

 Stars: 1

 Visit & Star this repo 

madhurimarawat/Madhurima-Devfolio

 [Visit Repository](#)

 **Description:** This repository contains my devfolio, showcasing my skills, projects, and achievements. Built with HTML, CSS, and Streamlit for a professional and interactive experience.

 Stars: 1

[Visit & Star this repo](#)

madhurimarawat/Portfolio-Website

[Visit Repository](#)

Description: This portfolio showcases my work with creative emoji elements, a harmonious blend of professional colors, and a dedicated section for career highlights, presenting my technical skills.

Stars: 1

[Visit & Star this repo](#)

madhurimarawat/ML-Model-Datasets-Using-Streamlit

[Visit Repository](#)

Description: This repository contains my machine learning models implementation code using streamlit in the Python programming language.

Stars: 5

[Visit & Star this repo](#)

madhurimarawat/Ruby-Programming

[Visit Repository](#)

Description: This repository contains programs in the Ruby Programming Language.

Stars: 1

[Visit & Star this repo](#)

madhurimarawat/Object-oriented-programming-with-c-plus-plus

[Visit Repository](#)

Description: This repository contains programs in the C++ programming language related to Object Oriented programming.

Stars: 3

[Visit & Star this repo](#)

madhurimarawat/R-for-Datascience

 [Visit Repository](#)

 **Description:** This repository contains Programs in the R programming language.

 Stars: 1

 Visit & Star this repo 

madhurimarawat/Python-for-Datascience

 [Visit Repository](#)

 **Description:** This repository contains programs in the python programming language.

 Stars: 1

 Visit & Star this repo 

madhurimarawat/Learning-Programming-Concepts-With-C

 [Visit Repository](#)

 **Description:** This repository contains programs in the C programming language.

 Stars: 4

 Visit & Star this repo 

madhurimarawat/Programming-in-PHP

 [Visit Repository](#)

 **Description:** This repository contains programs in the PHP programming language.

 Stars: 1

 Visit & Star this repo 

madhurimarawat/Machine-Learning-Using-Python

 [Visit Repository](#)

 **Description:** This repository contains machine learning programs in the Python programming language.

GitHub Profile Tools

Find tools to generate and optimize your GitHub profile for better visibility and a polished presence. *8 repositories* [View on GitHub](#)

[rishavanand/github-profilinator](#)

 [Visit Repository](#)

 **Description:**  This tool contains mini GUI components that you can hook together to automatically generate markdown code for a perfect readme.

🌟 Stars: 1158

 Visit & Star this repo 

[Schweinepriester/github-profile-achievements](#)

 [Visit Repository](#)

 **Description:** A collection listing all Achievements available on the GitHub profile 

🌟 Stars: 4923

 Visit & Star this repo 

[DenverCoder1/github-readme-streak-stats](#)

 [Visit Repository](#)

 **Description:**  Stay motivated and show off your contribution streak!  Display your total contributions, current streak, and longest streak on your GitHub profile README

🌟 Stars: 5627

 Visit & Star this repo 

[Anmol-Baranwal/Cool-GIFs-For-GitHub](#)

 [Visit Repository](#)

 **Description:**  Awesome List of GIFs & avatars to use in GitHub.

 **Stars:** 1404

 Visit & Star this repo 

DenverCoder1/readme-typing-svg

 [Visit Repository](#)

 **Description:**  Dynamically generated, customizable SVG that gives the appearance of typing and deleting text for use on your profile page, repositories, or website.

 **Stars:** 6965

 Visit & Star this repo 

Envoy-VC/awesome-badges

 [Visit Repository](#)

 **Description:**  A curated list of GitHub badges for your next project

 **Stars:** 1374

 Visit & Star this repo 

rahuldkjain/github-profile-readme-generator

 [Visit Repository](#)

 **Description:**  Generate GitHub profile README easily with the latest add-ons like visitors count, GitHub stats, etc using minimal UI.

 **Stars:** 22877

 Visit & Star this repo 

Thinkright20/Profile-Badges

 [Visit Repository](#)

 **Description:**  A list of all profile badges and how to obtain each one 

🌟 Stars: 2056

 Visit & Star this repo 

Open Source Projects

A handpicked list of impactful open source projects featuring popular and innovative solutions. 9 repositories [View on GitHub](#)

ORCID/ORCID-Source

 [Visit Repository](#)

 **Description:** ORCID Open Source Project

🌟 Stars: 458

 Visit & Star this repo 

forem/forem

 [Visit Repository](#)

 **Description:** For empowering community 🌱

🌟 Stars: 22316

 Visit & Star this repo 

Netflix/metaflow

 [Visit Repository](#)

 **Description:** Build, Manage and Deploy AI/ML Systems

🌟 Stars: 8849

 Visit & Star this repo 

aws/aws-cli

 [Visit Repository](#)

 **Description:** Universal Command Line Interface for Amazon Web Services

🌟 Stars: 16082

 Visit & Star this repo 

localstack/localstack

 [Visit Repository](#)

 **Description:**  A fully functional local AWS cloud stack. Develop and test your cloud & Serverless apps offline

🌟 Stars: 59114

 Visit & Star this repo 

streamlit/streamlit

 [Visit Repository](#)

 **Description:** Streamlit — A faster way to build and share data apps.

🌟 Stars: 39616

 Visit & Star this repo 

ading2210/linuxpdf

 [Visit Repository](#)

 **Description:** Linux running inside a PDF file via a RISC-V emulator

🌟 Stars: 3862

 Visit & Star this repo 

mintlify/writer

 [Visit Repository](#)

 **Description:**  AI powered documentation writer

🌟 Stars: 2973

 Visit & Star this repo 

codota/TabNine

 [Visit Repository](#)

 **Description:** AI Code Completions

 Stars: 10768

 Visit & Star this repo 

Portfolio Ideas

A curated collection of impressive portfolio examples to inspire and guide your own projects. 3 repositories [View on GitHub](#)

Passion-Over-Pain/Tinotenda-Mhedziso

 [Visit Repository](#)

 **Description:** My Portfolio website that includes my social links such as LinkedIn and GitHub.

 Stars: 39

 Visit & Star this repo 

emmabostian/developer-portfolios

 [Visit Repository](#)

 **Description:** A list of developer portfolios for your inspiration

 Stars: 14977

 Visit & Star this repo 

Evavic44/portfolio-ideas

 [Visit Repository](#)

 **Description:** A curation of awesome portfolio website ideas for developers and designers to draw inspiration from. Raise a pull request to add more. ❤️
